

New Package:

Dolphin Watching and Deep-Sea Fishing with traditional outrigger boats

5 days / 4 nights

Highlights:

You spend your holiday directly on the beach and away from the busy tourist's spots – oasis of tranquillity in a well-tended tropical garden. This is the ideal place to experience the Balinese sea with dolphin watching and deep-sea fishing.

Our boat tours are particularly popular. You will start at 6am with our Jukung and go out to the sea for sunrise with most spectacular colours. Nyoman, who has been fisherman for many years, is very experienced to find dolphin groups. With a little luck, you will observe many, many dolphins playing around the boat sometimes for a long period of time.

During the deep-sea fishing you catch with some luck together with Cilik a yellowfin tuna or marlin. Marlin fishing is a very special traditional method with live bait fish caught the evening before and kept in an underwater basket.

We recommend this package from March to November due to the weather conditions (from December to March there are sometimes big waves and boat trips would be difficult).

What is included in the price?

- transfers from/to airport or another place on Bali (max. 3 persons per car)
- 4 nights accomodation
- 3 boat trips (2x dolphin, 1x deep-sea fishing)
- welcome-drink
- breakfast and small snack
- coffee and tea
- water refill
- private housekeeper, daily housekeeping
- night-guard
- private laundry for free
